

Integration of disabled staff is documented by Vietnamese TV

On July 24 2010, Vietnamese VTV4 aired a documentary on Esofflow's success in integration disabled people into its workplace. Since its establishment in 2007, Esofflow has pro-actively worked with employment of people with disabilities. Esofflow uses CSR strategically in its business development and it is an adopted goal that people with disabilities make up at least 10% of the staff force - today this number stands at 12%.

Esofflow has had success employing people with various kind disabilities. Most recently, three deaf/mute staff have been employed. Training in sign language has been carried out among selected staff in order to facilitate communication. In 2008, Esofflow was awarded the Blue Ribbon Award for its engagement in employing people with disabilities.
