

Successful summer trip organized

From August 13 to August 15 more than 100 staff joined the annual Esoftflow summer trip. This year staff went to Thanh Hoa Province some 250 km south of Hanoi. A beach-side location combined with warm and sunny weather provided the perfect combination for staff to relax.

An awareness raising exercise on HIV/AIDS and team building activities contributed to the fun. As per company policy, Esoftflow organizes an HIV/AIDS awareness raising seminar for all staff once a year.
